“Since I entered politics, I have chiefly had men’s views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it.”

Letter from former president Franklin D. Roosevelt to Col. Edward Mandell House (21 November 1933)

Intro

The task which I am determined to resolve in this writing, connecting the dots on current events in a coherent manner, is no easy feat for the simple fact that we all see the world with different minds, meaning we interpret events and information based on a conditioned perspective which renders us to inevitably form opinions based on a certain amount of bias (Ex; a black person may be inclined to believe their god is black, a white person may be inclined to believe their god is white).

This serves as an obstacle because the collective perception of society is largely, if not wholly, a product of the public school system and mass media which in turn are controlled by the ruling establishment who undoubtedly propagate a world view beneficial to their own personal interests and maintenance of control.

Of course indoctrination through the control of information is nothing new, from the institution of compulsory education by Fredrick the great in Prussia to the masterful manipulation of media by Edward Bernays, this has been done throughout known history and is ultimately how many are controlled by few. Nonetheless in relation to the content of this article it is necessary to reiterate this historical fact so that the reader will make a conscious effort to separate themselves from conditioned thought and blind prejudice.

Presuming, and more so hoping, this prelude helps the reader to open their mind I would like to make it clear that I am not asking for blind faith and will provide official documents along with all sources and citations needed for those who wish to fact check, which is always encouraged, especially regarding such sensitive information.

Revisiting History

Our story starts in the 60s, a period of radical political change and growing indignation toward Western imperialism world wide. As a result of this, more than 30 African countries gained independence from their former colonial rulers. [1] For the independent history scholar however, it is not so far fetched to imagine that this so called independence was in fact granted to many of these countries based on the knowledge that the status quo could be preserved by other more intelligent means, namely through covert action as demonstrated the previous decade in the overthrow of democratically elected governments such as Arbenz in Guatemala (for Rockefeller owned United Fruit) [2] and Mossadegh in Iran (for oil giant BP) [3] which
were replaced with puppet regimes. This new strategy allowed the Western elite to maintain their monopolies in foreign countries without public scrutiny from their own population who, when need be, could easily be fooled by the media into blindly supporting the continuance of Western imperialism dressed up as democracy.[4]

While this clever manipulation of events from behind the scenes remained undetected by the masses (even to this day) it did not escape revolutionaries such as Ernesto “che” Guevara who openly chastised the hypocrisy of this type of Western foreign policy. [5] Guevara however, was not the only thorn in the ruling classes side. The civil rights movement was growing stronger and stronger, as was opposition to the Vietnam war. To make matters “worst” a new president, John Fitzgerald Kennedy, had the nerve to challenge the ruling establishment even further, most notably through the issuance of Executive Order 11110. This empowered the government to issue debt free notes to the American people thus liberating them from the monopoly held by the private federal reserve bank who would charge the government interest on the issuance of money. Which is nothing more than a debt based system that ultimately serves the purpose of enslaving an entire nation (since the civilians get stuck with fitting the debt) to a group historically known as “the international bankers” [6]. For those familiar with this cartel they should be well aware of their ruthless tactics and although subject to debate, many believe this is why the president was assassinated just 5 months after implementing the order. Another president who was brave enough to challenge this monopoly in the same way JFK did, Abraham Lincoln, was also assassinated, leading many to believe that both hits were ordered by the international bankers. [7] It comes as no surprise then that no president has been bold enough to stand up against the federal reserve bank since and the United States debt has grown beyond repayment.

JFK’s murder was followed by a string of high profile killings which included civil rights leaders Medger Evers, Malcolm X, and Martin Luther King Jr. (Nelson Mandela was sentenced to life in jail), anti imperialists “che” Guevara, Patrice Lamumba (killed before JFK) and finally JFK’s younger brother and presidential hopeful Robert Francis Kennedy. Although we could justifiably spend hours on dissecting the intrinsic details of these historic events, as they do serve the purpose of revealing how the ruling class deals with those who challenge or disrupt their system, we will instead be following only the murder of RFK on June 5, 1968 and from this, follow the white rabbit accordingly.

Proof RFKs Assassination Was A Setup

After winning the California primary elections for the democratic nomination for president of the United States, RFK went to address campaign supporters at the ambassador hotel in the embassy ball room just after midnight on June 5, 1968. It was here that he would be gunned down by “lone wolf” shooter Sirhan Sirhan. Kennedy was shot 3 times (later died in hospital) and 5 bystanders wounded during the scramble to disarm the .22 caliber 8 round revolver from the shooters hands.

When Sirhan, a Palestinian native, was booked by police, they conveniently found a news article in his pocket that highlighted Kennedy’s support for Israel and later found a diary that would further support this as the motive for the assassination of the presidential hopeful. While this may sounds like an open and shut case there are some major discrepancies with the official story that actually prove Sirhan Sirhan was used as a fall guy;

- The FBI and LAPD manipulated and censored eye witness testimony and even bullied Sandra Serrano into changing her story. They also destroyed forensic and testimonial evidence. [8] [9] [10] [11]

- Sirhans gun (serial #53725) could only hold 8 bullets several witnesses claim more than 8
shots were fired. [10] Audio expert Phillip van Praag has since proven through sophisticated technology able to analyze the audio of the shooting that there were in fact at least 13 shots fired. [12]

- All witnesses put Sirhan several feet in front of Kennedy [10], the autopsy of Kennedy’s body confirms he was shot within inches from behind. This crucial piece of information was suppressed and never brought up in court. [11]

- Sirhan claims amnesia for the entire event, this was validated by both the defense and prosecution psychiatrists to be true. [9]

After looking at just some of these facts there is no doubt in this writers mind that Sirhan Sirhan was setup as both forensic evidence and eye witness account demonstrate. The more pressing question, however, is despite professionals claiming that Sirhan Sirhan could of been brainwashed is there any other evidence that could support what seems like such a radical and unlikely theory? It turns out there is....

Operation Paperclip, Project Artichoke and MKUltra

As mentioned earlier in this text, the American population during the 60s was becoming increasingly discontented with their government, a cycle of sorts that the ruling class are familiar with. This slight disillusionment continued into the 70s and as a result the US presidents commission on CIA activities within the US AKA the Rockefeller commission was setup by Gerald Ford in 1975 to appease the masses anger and give them a sense of retribution while maintaining the illusions that ensure their unconscious subservience to the ruling class. As I will demonstrate later in this article the commission was setup with the intent of concealing the Truth.

It was from these investigations that limited information relative to project Artichoke and MK Ultra would first be made public but before we explore these black projects it is necessary to disclose the project from which they grew.

It is no secret in the world today that Nazi scientists carried out secret experiments on innocent civilians, what has been largely concealed throughout history however, is the fact that some of these scientists, such as Kurt Blome who was supposed to be sentenced to death for war crimes, were recruited by the CIA in Operation Paperclip after the war.

Blome was the Nazis lead scientist in the field of biological warfare and after his recruitment, along with hundreds of other Nazi scientists, the CIA began experimenting on an unsuspecting US population [13] which escalated into Project Artichoke, later known as MK Ultra, which involved torture, drug experimentation on unsuspected service men and civilians and brainwashing amongst other things.[13]

Despite the immense ramifications that these illegal and immoral human experiments hold historically, especially when researched in detail (unfortunately we will never know all the details as most of the documents were destroyed), there is one document in particular that is of interest that pertains to this investigation.

Official Declassified Document

A posthypnotic of the night before (pointed finger, you will sleep) was enacted. Misses [redacted] immediately progressed to a deep hypnotic state with no further suggestion. This was to test whether the mere carrying out of the posthypnotic would produce the state of
hypnosis desired. Needless to say, it did.

Miss [redacted] was then instructed (having previously expressed a fear of firearms in any fashion) that she would use every method at her disposal to awaken Miss [redacted] (now in a deep hypnotic sleep) and failing this, she would pick up a pistol nearby and fire it at Miss [redacted]. She was instructed that her rage would be so great that she would not hesitate to “kill” for failing to awaken. Miss [redacted] carried out these suggestions to the letter including firing the (unloaded pneumatic pistol) gun at [redacted] and then proceeding to fall into a deep sleep. After proper suggestions were made, both were awakened. Miss [redacted] expressed absolute denial that the foregoing sequence had happened."

The implications of this “successful” experiment are self evident, yet despite the CIA’s very own documents confirming that they have the ability to turn an average human being into a mind controlled assassin, the overwhelming majority of Americans, and in turn world population, falsely believe this to be nothing more than silly “conspiracy theory” talk or the stuff movies are made of.

Of course the CIA claims their program has been discontinued but are we really to believe an organization that has overthrown numerous democratically elected governments [14], installed brutal dictatorship [15], terrorized, tortured and murdered innocent civilians [16], ordered the assassination of presidents [17], experimented on its own unwitting population, in some cases even leading to death [18], dealt in global drug trafficking [19], and even planned to murder innocent civilians in their own country as a pretext to invade Cuba? [20]

As you can see the CIA is by no means whatsoever a trust worthy organization, as all aforementioned accusations are not subject to debate since they are irrefutable historic facts (check the citations). With this “new” found knowledge, the usual “lone nut” theory that the common man has become so accustomed with becomes a legitimate topic of healthy skepticism especially when the mainstream media are clearly propagating a particular agenda and hiding important information from the public.

Two such cases that fit the former description and in turn deserve further independent investigation are the Aurora “batman theater” shooting and the Sandy hook elementary school shooting but before doing so, it should be noted that it has been just over 6 months since the Aurora shooting and just over a month since the Sandy hook shooting. What this means, as foretold throughout history, is that key information has yet to surface, this can take months, years or even decades. Nonetheless because this is a matter of urgency I will present information mainstream media is avoiding and allow the reader to speculate accordingly.

** It should be noted relative to this section that both the assassinations of Martin Luther King Jr. and John F. Kennedy suggest a very similar story as that of RFK. - http://voices.yahoo.com/martin-luther-king-assassination-linked-hypnosis-1342051.html?cat=37

Additionally a court ruled that agencies of the government were guilty in the assassination of Martin Luther King Jr. and that the alleged assassin, James Earl Ray, like Sirhan Sirhan was used as a patsy. - http://www.globalresearch.ca/court-decision...

Assessing Current Events, The Dangers Of Government And Historical Plans For Civilian Disarmament

Picture of James Holmes after the shooting

On July 20, 2012 James Holmes is said to of attended a midnight screening of the film "the Dark Knight Rises" where he murdered 12 people and injured 58 others. The official story places him as a promising
young man who somehow snaps and turns into a “lone nut” shooter. While most are familiar with the official story I’d like to highlight what is being ignored or censored by the mainstream media;

- Eye witnesses testimony and police audio suggests their was a second gunman. [21] [22] A second gas mask was also found in the parking lot. [23]

- After the shooting Holmes was found calmly awaiting arrest by his car. [26]

- Holmes’ apartment was heavily booby trapped, something reported as being “rarely seen outside of warzones” but as soon as he was arrested he told cops about it. [27]

- Holmes told another in mate that he believes he was brainwashed by his therapist, Dr. Lynne Fenton [27] who has ties to the US military and Department of Veterans affairs. [28]

- The presiding judge over the case, Judge William B. Sylvester, issued a gag order on lawyers and law enforcement, sealing the court file and barring the University of Colorado from releasing public records. [29]

- A motion to intervene under the Crime Victims’ Rights Act was made by an individual whose name has been redacted from the official document. the claimant states to have been visited at home by police chief Dan Oates and Dist. Atty. Carol Chambers where they forced the unnamed individual to testify as a fake victim of the shootings, under the threat of being arrested for prostitution and escort services and charity fraud, for the purposes of garnering an easy conviction against alleged shooter James Holmes. But not before being shot by the police chief in “non-life-threatening areas” of the body, according to the motion, to appear as having been shot by James Holmes himself. The judge, however, instead of taking a closer look, decided to strike down the motion as fraudulent, claiming the motion as likely forged by an individual or individuals unassociated with the events. The judge also suggested the situation be investigated by the Arapahoe County Sheriff’s office and those responsible for the motion be taken into custody by the Arapahoe County Department of Human Services and “referred to the appropriate mental health agency.”[30]

* These are just some of the inconsistencies I have chosen to list.

The inconsistencies found in the Sandy hook shooting which occurred last month December 14, 2012 that claim another “lone nut” shooter by the name of Adam Lanza went on a killing spree, this time shooting twenty children and six adult staff members, are extremely disturbing to say the least;

- a tribute Facebook page was setup 4 days before Victoria Soto (one of the teachers said to be murdered by Adam Lanza) was killed. The individual who setup the page claims they simply changed the name, however, other people, including myself tried this and it cannot be changed without submitting a Facebook request that requires official documents to show why your page needs to be changed and unless provided they will not change it. I highly doubt someone would go through this trouble instead of just setting up a new page. The page has since been deleted. [31]
- a manual came out online entitled “Talking with your child about the Sandy Hook tragedy” 4 days before the shooting occurred. 3 donation pages were setup, one 4 days before the shooting, another 2 days before and the other 1 day before the shooting. A Vimeo tribute video and tweet were sent a month before the event took place. It should be noted, however, the time stamp/URL on these could be potentially wrong or there could some how of been an unexplainable glitch but the chances of all of them being wrong or a glitch are EXTREMELY farfetched and therefore a legitimate topic of discussion. [32]

- CNN showed a clip from St. Rose of Lima School, a private school a few miles away from Sandy Hook where police can be seen on the ground but told its viewers that is was Sandy Hook. A blatant fake news story. [33]

- In an extremely bizarre video, Robbie Parker, parent of murdered Emilie Parker, unaware the camera was on is filmed laughing and has no signs of mourning whatsoever, he then asks “read the card?” or “are we ready to start?” (hard to make out due to noise) right before getting into “character” for an interview, not the expected behavior of a parent who has just lost a child to say the least. [34]

- According to one researcher, Emilie Parker has been photoshopped into a picture which he demonstrates in a convincing video in my opinion. [35]

- Another bizarre interview was chief medical examiner, Dr Carver who for lack of a better word was acting like a complete idiot sharing incorrect information with journalists during a press conference. [36]

- Eye witness testimony, video footage and even a few early mainstream media reports claim there was a potential second gunman. [37] [38]

- The “Newtown Bee” published a story entitled “shooting reported Sandy Hook middle school” where they wrote“Sandy Hook School Principal Dawn Hochsprung told the Bee that the masked man entered the school and started shooting multiple shots” But mainstream media has told us over and over Principal Dawn Hochsprung was murdered by the shooter. The “Newtown Bee” has apologized since claiming they somehow got their story wrong. [39]

- Despite living in an age of technology where many have camera phones that can take both video and photo there is only 1 picture of the days events that show roughly 17 kids being evacuated. Sandy Hook reportedly held 600 children. Additionally there is no camera footage in a school that had an exceptional security system. [40]

- Despite all these incosistencies, cover ups and even blatant lies Lt. Paul Vance during a press conference seems to send a subtle message to independent researches such as myself,
"All information relative to this case is coming from these microphones and any information coming from other sources cannot be confirmed and, in many cases, it has been found as inaccurate. So, I simply, that’s the newest twist today that we want to make sure that’s perfectly clear that social media web sites that contain information relative to this case are not being posted by the Connecticut State Police, are not being posted by the Newtown police, are not being posted by any authorities in this case. So, any of that information and people that are putting that information up there in any manner all right, can be construed as a violation of state or federal law will be prosecuted, will be investigated and prosecuted.” [41]

* These are just some of the inconsistencies I have chosen to list.

After taking a closer look at these 2 events there can be no denying that the American public, and in turn global community, have not been afforded an honest and thorough investigation. The James Holmes shooting clearly fits the profile of an MKUltra victim, just as Sirhan Sirhan, yet this has not been mentioned in the slightest by any major media outlet. The Sandy hook shooting however, is not as easily discerned but absolutely questionable based on the aforementioned findings nonetheless. This has prompted a wide range of discussion amongst a population growing more and more disillusioned with the tactics of the ruling class, leading some to even theorize that the Sandy hook shooting may not of actually taken place but was faked to create support for gun control. Although this may seem absolutely absurd, back in 1962 as laid out in Operation Northwoods the CIA and Joint chiefs of staff proposed that;

"We could develop a Communist Cuban terror campaign in the Miami area, in other Florida cities and even in Washington. The terror campaign could be pointed at refugees seeking haven in the United States. We could sink a boatload of Cubans en route to Florida (real or simulated). We could foster attempts on lives of Cuban refugees in the United States even to the extent of wounding in instances to be widely publicized." [42]

Although I absolutely believe there is an agenda here, namely gun control which I will address in the following paragraph, I personally prefer to remain undecided as to just what exactly transpired with the Sandy hook shooting because of the lack of evidence which can later serve to partly discredit this article for those seeking to do so.

History however, as I have demonstrated to you, shows that the faking of a tragic event in order to coerce the public is not beyond the criminals who now run the US government, more importantly it should also be noted that history records they are equally willing to sacrifice innocent civilians to further their agenda including children. [43] Whether or not you believe these events could of been orchestrated by criminals within the government is for you to decide but be wise, base your reasoning on documented history rather than elaborate propaganda, even if fed as a steady diet over the course of a life time.

Disarmament of the American people and in fact the world is by no means a new idea. Released officially in September of 1961, Department of State Publication 7277 proposes;

the disbanding of all national armed forces and the prohibition of their reestablishment in any form whatsoever other than those required to preserve internal order and for contributions to a UN peace force."[44]

What this document is calling for when properly examined is to consolidate the power of force into the hands of an already dominant ruling elite while simultaneously disarming the masses. The potential ramifications of doing something this foolish are far beyond the comprehension of the common man. Most do not realize that the number 1 killer of civilians in the 20th century was in fact government with an estimated 262,000,000 murders, that’s 6 times more people than died in combat in all the foreign and
estimated 262,000,000 murders, that's 6 times more people than died in combat in all the foreign and internal wars of the century combined. Furthermore it should be noted with respect to current events that many of these murders, were preceded by gun confiscation.

The most common position I have observed in response to these historical Truths is that the U.S. government could not possibly be compared to such tyrannical regimes. While this argument seems plausible to those under the spell of the empire it is magnificently ignorant of the facts. Not only has the U.S. government murdered millions of innocent civilians abroad, as well holds title to the only country to ever use an atomic bomb (on a country they actually baited into war) but as mentioned earlier they have killed their own civilians as well, experimented on them (including children), brainwashed them, plotted terrorist attacks against them and also carried them out — for those more informed in regards to the events of 9/11.

Government Plans For Civilian Unrest

Irrespective of what should easily be interpreted here it is increasingly becoming common knowledge that the U.S. government has visibly been under the direction of a ruling elite for about a century now. While presidents may come and go, families like the Rockefellers and Rothschilds, amongst others, continue to dictate American policy through their control over government, media and finance. This powerful elite are also largely responsible for putting some of the governments that committed mass murder and genocide on their own civilian populations into power. This includes the Bolsheviks, as well as Stalins and lets not forget the CIA has helped install numerous dictatorships which have in turn murdered their own civilians.

Economist, historian, and writer Antony Sutton has written extensively on the ties between the Western elites financial support of brutal regimes such as Nazi Germany and Bolshevik Russia.

Although I believe the picture is becoming clearer to the reader, as a student of both history and psychology, normalcy bias is expected. To counter this predictable response I have compiled a report of more recent events that clearly documents the government is planning for a major event, one that does not seem to be in the public interest.

- Civilian Inmate Program established and revised under army regulation 210-35 – Jan. 2005 (PDF available online, search term “army regulation 210-35 pdf“)

At this time, based on thorough documentation, I am hoping that the reader has overcome the obstacle spoken of in the very beginning of this article — the obstacle of conditioned and prejudiced thought, rooted in reckless emotion which have been subtly indoctrinated in all of us to ensure obedience and docility to the ruling class. Bear in mind these findings do not take into full account the ever growing police state but nonetheless I do believe this should suffice.

So what could this be about? Does the government really plan on committing democide? Or is there a different agenda?

Personally I tend to think in terms of possibilities and not absolute certainties in which case there are several major possibilities from which we should consider;
World War 3

The U.S. today is an empire on the verge of collapse and like any empire in such a position it will not go down without a fight. The manifestation of the alliance known as BRICS threatens the monopoly held by the Western elite through the IMF and World Bank. [56] In addition more and more countries are renouncing the petrodollar which has ensured Americas dominance for decades. [57] Throw in the increasing tensions in “the new scramble for Africa” (primarily between the U.S. and China) [58] along with the middle East, which implicates bigger players like Russia, NATO and others — as well regional disputes between China and Japan [59] amongst others and it seems we are drifting closer and closer to a global conflict, much like the prelude to world war 1, which was hardly fought over the assassination of archduke Franz Ferdinand. This could explain the internment camps since a country at war cannot afford to have major internal disruption. This is in fact why Japanese American citizens were thrown into internment camps back in 1942 [60] and this is primarily what internment camps have been used for, to control or eliminate possible opposition.

Peak Oil

Some leading researchers believe that peak oil is amongst us. What this means, if true, is we no longer have a steady supply of oil and are approaching some very troubling times. With the discovery of petroleum in the late 19th century production skyrocketed which resulted in a spike in the global population. If that production begins to down spiral however, the human population in theory should follow, since food and other necessities will no longer be as plentiful. If this is the case then America and China, the worlds leading energy consumers, are faced with basic survival and self preservation which could potentially explain their expanding presence in Africa (to secure natural resources amongst other things) and Americas setting up of internment camps (to prevent chaos or dispose of more “serfs” mouths to feed).

NWO

From the discovery of professor Adam Weishaupts plans for international revolution in 18th century Bavaria [61] to the final wishes of Cecil Rhodes as laid out in his will for “the extension of British rule throughout the world”, [62] secret plans for world government are not simply wild and baseless theories, but in fact documented goals that have patiently been pursued by the most powerful families on earth and their associates for generations.

According to some of these globalists, part of this world government they envision would be a much smaller human population which the ruling class have no shame in expressing. [63] In fact National security Memo 200, dated April 24, 1974 as presented by war criminal Henry Kissinger proposes the use of food as a weapon and how "depopulation should be the highest priority of U.S. foreign policy towards the third world". Since then it is no surprise that biotech giant Monsantos Round up ready herbicide has been tied to infertility. [64] Additionally one of their major share holders, Bill Gates, [65] is pushing GMO’s onto the “third world” along with vaccines, both which have proven to have adverse effects. [66] [67] These measures, however, have not managed to radically reduce the population and for those familiar with the what seems to be an obsession with a smaller world population it is not inconceivable to imagine that they may decide to take more drastic measures in the future if they do not get the results they desire.

If this is the case it should be mentioned that some countries, according to the United Nations, have developed the means of manipulating the weather or conducting “weather warfare”, [68] something the U.S. has actually been able to do since as early as the Vietnam war. [69] Scientists have also developed the means of releasing biological agents capable of eradicating half of the worlds population. [70] If a major man made disaster (that would seem natural to most) were to take place, internment camps could serve to house these people and ultimately oversee their deaths. Although I do believe these possibilities are highly
unlikely (at least for now), with a psychotic ruling class in power they are possibilities nonetheless and should serve to inspire the individual to take action against these sick people sooner rather than later.

The Council On Foreign Relations

Despite its members being past presidents, CIA directors, NATO commanders, secretaries of defense, federal reserve chairman, secretaries of the treasury, appointments to the supreme court and major media personalities amongst others, very few people are familiar with the globalist think tank known as the CFR and how they are used as a conduit to control America.

Founded in 1921 by the same clique that established the federal reserve private bank before it, the CFR remains hidden in the shadows due to its colossal influence it exercises in every branch of society. An example of this influence can be found in relation to this article. The CIA director at the time of MK Ultra was Allen Walsh Dulles who was also the president of the CFR from 1946-1950, in fact if we look at the roster, this position has been held by CFR members for an overwhelming majority 15 times. When news finally leaked out (as mentioned earlier in this article) about some of the unethical experiments that were being carried out on the population by the CFR controlled Central Intelligence Agency in Project MK Ultra, U.S. president Gerald Ford, also a member of the CFR, [73] setup a commission to “investigate” the matter and give the masses the feeling that justice was to be administered. Trouble is the commission, known best as the Rockefeller commission, was led by Nelson Rockefeller, another CFR member. [73] This manipulation of a major investigations has been done time and time again, and if one dedicates the energy, it soon becomes clear that the CIA has been taking their orders from the CFR for decades, usually through a group known by various names including the “40 committee” and the “special group” amongst others. This connection is never made however, because they control the flow of information through not only the investigation (the same method of placing CFR members in key positions to cover up the organizations involvement was used in the Warren Commission and Church Commission for example) but also the media which they have a major monopoly over. [74]

Furthermore the plan for depopulation mentioned earlier was presented by Henry Kissinger, a member of the CFR. [75] Dianne Feinstein, the main force in congresses push for gun control too is a CFR member. [75] The organization that deals with domestic affairs in the U.S., the DHS, that is buying up hundreds of millions of rounds of armor piercing bullets is led by Janet Napolitano, another CFR member. [75] The plan to disarm Americans and in turn the world as previously mentioned in Publication 7277 was also written by a CFR member, Walt Rostow. [73] Additionally the United Nations who has been contracted to oversee the disarmament according to the publication, was largely established by Council members. The American delegation to the San Francisco meeting that drafted the charter for the UN in 1949 included CFR members mentioned in this article John Foster Dulles and Nelson Rockefeller amongst more than 30 others. [76] To make my point clearer the UN headquarters even sits on land that was donated by former CFR member John D. Rockefeller [77] and finally, as I near the end of this elaborate picture I have painted for you, earlier this month the CFR openly published an article on their website addressing the “Challenges For Global Governance in 2013”.

Conclusion

As you can see irrespective of whether you believe the recent shootings in the U.S. to be false flag events or lone nut shootings, the ruling class have already laid out a plan for world government and civilian disarmament. Due to the obvious complexity of implementing this plan on a country firmly rooted in the right to bear arms, as well knowledge of their past criminal activity, it would not be such a radical theory to believe that they were responsible for these unthinkable acts.
I personally perceive danger here and encourage you to get you and your loved ones passports ready and travel documents in order. I say this simply for the sake of common sense and not to incite hysteria which is nothing more than counter productive in any sense.

I’d like to remind the reader that while this is based on documented facts (check the citations) the story is still presented in the form of my perspective and opinion and should be viewed as such. My goal as laid out in the beginning of this work is to simply afford you clarity so that you may be able to make a more intelligent and well informed assessment of current events. Again, as briefly stated, there is no reason to become hysterical and lose oneself to fear. It is in fact the manipulation of fear that has facilitated the subtle enslavement of the common man to the so called elite through out history. It is this old age methodology that has all but destroyed America and raped her of her principles while simultaneously serving as the justification for murdering millions of innocence abroad and looting their land.

I understand you are scared my friends of being mocked and ridiculed by an ignorant masses. I understand that you have been conditioned to believe you are weak or could not possibly make a difference. I understand that it is easier to “live for the moment” and ignore the pain and I understand it feels sometimes like you stand alone, yet despite the ruling classes best efforts to destroy your inner being, they have not succeeded and because adversity gives birth to character we are far more advanced spiritually than they.

We are all angry at the system, for the inhumane wars, media lies, financial slavery, unjust law system, man made poverty and many other reasons and this can either make us weak or it can give us great power. Because you have read this article and in turn been granted this knowledge you have now been given that great power (since your anger can now be directed at those responsible and in turn use all that negative energy inside you and put forth something positive, such as this blog to help create change). So honor your conviction and act in spite of fear and know that you are not alone but rather that the others are still enslaved by ignorance and as such are unconscious and unaware. When given knowledge however, they will awaken, and because the Truth liberates our tormented souls, they too will share this knowledge with others and in time REAL change will come.
